(734)-904-2911

OBJECTIVE

To be able to apply what I've learned throughout my time as a student here at Michigan Tech towards any future projects and tasks.

EDUCATION

Michigan Technological University, Houghton MI, 49931 —
Currently Enrolled

Fall 2021 – PRESENT

- **Major:** Computer Science
- **GPA:** 3.20

EXPERIENCE

Jets, Chelsea Mi, 48118 — *Crew Member*

September 2020 - August 2021, May 2022 - August 2022

Well known for my *work ethic* and *relied on* for being able to handle difficult situations at unprecedented times.

INVOLVEMENT

Sigma Phi Epsilon Historian Spring 2023 - PRESENT

- Handling the annual composite as well as other important documents that the organization holds.

PROJECTS

I've enjoyed writing several applications such as a terminal-based one-on-one messenger command-line tool. I find working with projects involving **concurrency** and **networking** very interesting.

COMPUTER SCIENCE

Related Courses

- **Data Structures**
 - Stack, Queue, Trees, Maps, Graphs, ...
- **Discrete Mathematics**
 - Logic, Induction, Proofs, Relations, Sequences, Sets, Counting, ...
- **Database Systems**
 - Relational Algebra, MySQL
- **Programming (hardware and software)**
 - MIPS and C

Language Diversity

- Rust
- Python
- Java
- Bash
- C

GENERAL SKILLS

- Attendance
- Collaboration
- Communication
- Leadership

GENERAL LANGUAGES

- English (Native)
- Spanish (2 years)
